### Who are we?

A data privacy focused start-up with deep expertise in building Salesforce solutions for large and medium enterprises.

### What drives us?

We believe data privacy is a fundamental right. In a world of AI, Online Tracking and Profiling, a Consent-based Marketing and 'Privacy by Design' perspective is critical for success.

Cloud Compliance is crafted over 2 years to enable meaningful privacy controls with enterprise capabilities and a consumer grade user experience.

### GLOBAL REPRESENTATION

Headquartered in Chicago, IL USA, with operations in:

- San Francisco, USA
- Pune, India
- Gurgaon, India

### Our Offering

Cloud Compliance is a 100% native Salesforce App available on AppExchange.

It is the most comprehensive data privacy solution to address common GDPR, CCPA, HIPAA and other data privacy requirements.

### INDUSTRY IMPACT

- Consulting Services
- Health Care
- Not For Profit
- Retail
- Higher Education

### OUR CUSTOMERS

Not-for-profit from Norway integrates its custom portal and Salesforce via APIs for Consent & Communication Preferences.

#GDPR

Consulting giant's UK division handles Data Minimization and Erasure(RTBF) in Salesforce and Anonymizes Personal data.

#GDPR

Healthcare & Dental Services from US streamlines its Salesforce process for RTBF/Data deletion and Portability requests.

#CCPA

Large Retailer from US integrates their Data deletion & portability between OneTrust and Salesforce with REST APIs.

#CCPA

# Cloud Compliance-GDPR/CCPA Management Suite

## Make it Easy - End-to-end Data Privacy on Salesforce

Save yourself the headache of figuring it out with Salesforce's 17+ Standard Data Privacy objects. Easily comply with our comprehensive App that covers common data privacy use cases.

## Comply Faster - Free Proof of concept, demo, and deploy!

Quickly validate your key use cases in days with our metadata-driven 'clicks-not-code' configuration. Get our no-cost/no-obligation PoC, demo internally, and deploy. It is that simple!

## Save Costs - Offer free self-service + No hidden charges

Reduce overall cost with included Support, a generous feature set and a money-back guarantee. Save money on Community licenses with our clever design that enables self-service for free.

## Bring Innovation - 6 release/year + Salesforce aligned & Marketing integrated

Bring new features as we innovate for changes & new laws, customer requests and new Salesforce features. Enable consent-based marketing with our Salesforce's Individual/Consent object integration

## Common Use Cases for GDPR, CCPA, HIPAA and others.

	Declarative Setup	Apex Enabled	API Enabled
